✉ nguyentanhueqn@gmail.com

📍 District 9, HCM City

Education

2020/09 - present

University of Information Technology

Major - Software Engineer

Main Objective

- Seeking a Web Developer position where I can utilize my skills in front-end development and contribute to creating visually appealing and user-friendly websites

- Motivated Web Developer with a strong foundation in web technologies, seeking opportunities to design and develop responsive websites and enhance user interactions

Skills

Front-end:
- HTML/CSS(SCSS), Javascript
- ReactJS, TailwindCSS, Bootstrap4

Back-end:
- NodeJS (with Express), JWT

Work Experience

09/2023 - 12/2023   **Front-end Developer Internship**

Company: "TNHH TMDV XNK Quang Hải"

- Developed client-side features using ReactJS and Ionic Framework.
- Ensured responsive, user-friendly interfaces with cross-browser compatibility.
